As per § 19 of HTW Berlin's University Regulation (Hochschulordnung), students from other higher education institutions are only eligible for admission as guest students for programmes at HTW Berlin which are not subject to restricted admission.

Admission as a guest student is subject to free places being available. **A copy of documentation proving enrolment at another higher education institution must be submitted.**

Please note that admission as a guest student at HTW Berlin for **Master's programme modules** is only possible if you possess appropriate documentation proving that you have completed **a first academic degree**. Please submit this documentation with your application.

Process

- (1) Confirmation from the Student Management that free places are available for the desired programme and module – though this does not automatically lead to admission being granted to the desired module. This requires the completion of steps (2) and (3).
- (2) Written agreement from the module lecturer in consultation with the faculty responsible for the module.
- (3) Confirmation of the admission as a guest student from the Admission and Enrolment Department.

Terms and conditions

- (1) Guest students are students who are enrolled at another higher education institution.
- (2) Before permission can be granted by the lecturer, confirmation that free places are available on the desired programme must be obtained from the Student Management (does not apply for foreign language modules).
- (3) Permission for the student to participate in the desired module is granted by the lecturer signing the appropriate section of the form on the previous page.
- (4) Guest students may only be admitted in cases where the module in question has not already reached its capacity via enrolled students. In restricted-admission programmes, participation on modules from the first programme semester and, in some cases from later semesters, is **not** permitted.
- (5) Admission as a guest student is valid for one semester. **8 weekly study hours** (WSH) or **10 credits** (ECTS) may not be exceeded.
- (6) The right to admission is based on the respective programme's study regulations.
- (7) The fully completed application form signed by the lecturer must be submitted to the Student Management, where admission as a guest student is carried out.
- (8) Guest students may obtain module certificates according to the conditions which apply to the module. This also applies for repeatability of study and examinations. Guest students may obtain a certificate from the lecturer of the module in question.
The corresponding form can be downloaded here:
<https://www.htw-berlin.de/en/studies/applications/special-cases/guest-listeners-and-guest-students/#c24136>
- (9) Participation in intermediate and final examinations for faculty modules is not possible.
- (10) It is possible for a HTW Account to be set up for the guest student upon request. This is not mandatory – if you do not require a HTW Account, cross the “No” box on page 1.

I recognise the conditions as stated here.
