Summer School

Investments and Financial Markets Summer Programme

Start: 14 June 2027 - End: 25 June 2027

6 Credits

Gain a practical understanding of investment management, financial markets and portfolio analysis through a hands-on, data-driven approach. This programme is ideal for students and professionals interested in finance, investment strategies and market dynamics. Prior knowledge of economics or finance is helpful but not required.

Artificial Intelligence Summer Programme

Stard: 21 June 2027 -End: 2 July 2027

6 Credits

Explore the fundamentals and real-world applications of Artificial Intelligence in today's rapidly evolving digital landscape. Designed for students, academics and professionals from any field, the programme provides an accessible introduction to AI with no previous experience required.

Fintech and the Future of Banking and Finance Summer Programme

Start: 28 June 2027 - End: 9 July 2027

6 Credits

Discover how technology is transforming financial services through innovations such as digital banking, fintech solutions and emerging financial technologies. The programme is suitable for students and professionals interested in the future of finance, entrepreneurship and digital innovation.

Cybersecurity and Technological Risk Summer Programme

Start: 5 July 2027 - End: 16 July 2027

6 Credits

Develop a solid understanding of cybersecurity challenges, technological risk and digital resilience in an increasingly connected world. Open to participants from all academic and professional backgrounds, this programme requires no prior technical knowledge.

Politics, International Relations and Geopolitical Risk: Europe in a Fragmenting World

Start: 5 July 2027 - End: 16 July 2027

6 Credits

Examine how politics, international relations and geopolitics shape global affairs, with a particular focus on Europe and the European Union. Through an applied approach combining case studies, workshops, simulations and data analysis, participants will develop the skills needed to assess political and geopolitical risks and understand their impact on governments, businesses and international institutions.

CUNEF
UNIVERSIDAD

Madrid is a vibrant city with a rich cultural heritage and plenty of attractions to explore.

Prado Museum: One of the most renowned art museums in the world, housing an impressive collection of European art, including works by Velázquez, Goya, and El Greco.

Gran Vía: Madrid's main shopping street, lined with shops, theaters, and iconic buildings like the Metropolis Building and the Telefonica Building.

Plaza Mayor: A historic square dating back to the 17th century, known for its picturesque architecture, lively atmosphere, and street performers.

Royal Palace of Madrid: The official residence of the Spanish Royal Family, this stunning palace is a must-see for its grand architecture, opulentinteriorsand beautiful gardens.

And much more to enjoy this great city...
