INTERNATIONAL WEEK FOR LANGUAGE TEACHERS

TAMPERE, FINLAND 27.1.-31.1.2020

Tampere University of Applied Sciences (TAMK) is organising an international week for language teachers working in higher education on 27.1.-31.1.2020. The focus of the week will be on actual teaching, sharing ideas and best practices, and developing international collaboration and projects. The participating teachers are recommended to organise funding via Erasmus+ Teaching Mobility programme.

During the week, the participants will teach at least 8 hours (the minimum requirement set by Erasmus+). In addition, there will be joint sessions for developing the participants’ professional expertise and sharing best practices, and of course excellent social programme (dinner, sauna evening, etc.). The participating teachers must pay a small fee (about 120€) to cover the social programme. The aim is to have teachers of different languages (English, Swedish, Russian, German) and with different specialisations. At TAMK, there will be a good selection of study fields, courses and topics available in January.

This time, we are aiming at having only 10 teachers to make sure there are enough courses for everybody. Therefore, please be quick if you want to join us next year.

Welcome to Finland!
